Radio Code Recording - Case [REDACTED]

1. In compliance with your request of 25 February 1955 (to DAS nuclear) we have obtained a tape copy of the wire recording which [REDACTED] made of a message from outer space. They point the original wire recording too highly to relinch it over to the government; however, they were overjoyed that we showed an interest. [REDACTED]

2. They have recently heard from two other men [REDACTED] radio operators who also claim to have recorded such messages; so if you find this one interesting, we will be glad to track down the others. Our Oceango representative would appreciate knowing what your conclusions are. [REDACTED]

Inclusions: As stated above
